

[What is the Vision of your Church?]
We want everyone to love learning more about Jesus.
We want everyone to help each other to learn.
[Note the focus on others]

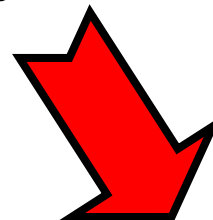

If a child starts behaving in a way that distracts others, we'll ask them to stop.
No problem. Just stop.

If no change then the child will sit out for a while. Please sit quietly, keep listening and wait there.

We'll let your parent know if this happens

This hardly ever happens!
If the child keeps distracting others, then they will need to leave the group for the rest of the session.
