

## Kent Women's Convention 2022

A day of fellowship and encouragement from God's Word

### Main Speaker: **Kirsten Guthrie**

When we face struggles, we quite naturally look around for security. Even for Christians, what we see in front of us can seem more real and more worth holding on to. But Hebrews paints a picture for us, of what we cannot see with our eyes or hold in our hands. It is just as real as what we can physically see. And it is the most wonderful picture of our perfect high priest, Jesus. He is our security; past, present, and future. We need Hebrews to convince us there is nothing and no one else to hold fast to in this life, apart from Christ.

Kirsten left the world of consumer research 11 years ago, to combine Cornhill with the ministry trainee scheme at Trinity Church Islington. She's been working there ever since as women's worker. She is privileged to teach the bible, train leaders, run a toddler group and walk with women through the ups and downs of life. When she's not doing that, she can often be found cycling with friends, baking or reading stories with her godchildren.

### Seminar Options (choose one)

#### **Secure in Our Salvation**

**Hannah Blake, St. Nics, Sevenoaks**

We know that Christ achieved salvation for sinners at the cross, but sometimes we lack the confidence that we are included in that. How can we be sure that we are saved? In this seminar, we'll examine what the Bible says about faith, obedience, and the work of the Spirit, and how we can have certainty of our standing before God.

#### **Secure in Relating to our Church Family**

**Jane Wackett, Rochester Baptist Church**

Families, whatever form they take, are where we learn to navigate relationships. When we become a Christian, we are adopted into a new family with the glorious differences that we all bring. This may challenge our expectations of what 'family' should look like; nevertheless it is God's gift to us, a place to work out our salvation. In this seminar, we will explore how understanding our relational style can help us navigate our church relationships, allowing us an opportunity to grow in unity and reflect something of God's glory in our church communities.

#### **Secure in God's Design for Gender & Identity**

**Ellie Orchard, Emmanuel, Canterbury**

What does the Bible say about being male and female? How is this echoed and opposed in the culture around us? In this seminar, we will look at the wisdom and goodness of God's design and explore ways of responding to gender ideology in different contexts, e.g. institutions, such as schools and the workplace, and in more personal conversations with friends and family.
