TALK and a **Q & A**

Saturday 18th February

9:30am – 12:00pm

Grace Fellowship, Ashford

What does the Bible say about being male and female? How is this echoed and opposed in the culture around us? In this seminar, we will look at the wisdom and goodness of God's design and explore ways of responding to gender ideology in different contexts, e.g. institutions, such as schools and the workplace, and in more personal conversations with friends and family.
